END OF GRADE REPORT					

The **“Term”** refers to the semester in which the participant *enrolled* in the course. A participant may take up to one year to complete a PDI online course.

The **“Credit Option”** column shows if the participant received credit through one of our university affiliates for the course. If this space is *empty* or if it shows only *“PDI”*, the participant DID NOT request university credit for the course. *If this space shows UC*, the participant completed a course worth 3 1/3 semester units of credit which is equivalent to 50 hours. *If this space shows GC or AUC*, the participant completed a course worth 3 semester units of credit which is equivalent to 45 hours.

1.5 Quarter units of credit equates to 1 semester unit of credit.

Unless otherwise noted, all Professional Development Institute courses are worth three and 1/3 semester units of credit (five quarter units) which is equivalent to 50 hours of in-service training.
