COURSE	TERM	TITLE	CREDIT OPTION	COMPLETION	FINAL GRADE
27T01	FALL 09	27T01/Teaching Real World Math		09/02/2009	A-

The "Term" refers to the semester in which the participant *enrolled* in the course. A participant may take up to one year to complete a PDI online course.

The "Credit Option" column shows if the participant received graduate credit through our university affiliate for the course. If this box is empty or if it shows only "PDI", the participant DID NOT request university credit for the course.

Unless otherwise noted, all Professional Development Institute courses are worth three semester units of credit which is equivalent to 45 hours of inservice training.
