

Color Wheel

Name _____

Dacey and Gram had fun choosing yarn colors for the sweaters Gram wanted to make for the children. They chose a certain color that they felt “fit” each child’s personality. Maybeth got yellow because it was the color of daffodils, which reminded them of her. Gram chose a green-blue color with white flecks for Dacey.

Imagine that you have to choose a color for each of your family members or friends based on their personalities. What colors would you choose and why? In each space of the color wheel below, add a name of a family member or friend. Then, color the space the color you think best fits that person’s personality. On the reverse side of this page, explain why you chose the color for each person.
